

July / August 2019 NCN Newsletter

I MARVIN O. THOMANN Want you to know the update of my Health Status. My doctor tells me that I'm slowly dying from Chronic Lung Disease From Second Hand Cigarette Smoke. Some of my Die Hard Smokers Don't Care about me and think they can smoke in my face, like the guy on site 47. According to the Internet 40 plus thousand people die from second hand Smoke, every year!! Now with that said, as of 2020 Camp NCN will be SMOKE FREE!!

So you die hard smokers that want to KILL yourselves, and KILL your friends, better find another campground! If you stay at this campground, the only place you can smoke is inside your camper, trailer, or tent, or your personal CAR.

MOST PEOPLE COME TO CAMP NCN TO HAVE THE FREEDOM OF HAVING OPEN SEX, AND WHILE I'M STILL ALIVE, I'M GOING TO PROTECT MY CUSTOMERS TO THE BEST OF MY ABILITY. THANKS FOR UNDERSTANDING.

Marvin O. Thomann
