

Fall 2022 Newsletter

September 1, 2022

Mother Nature was hard on all of us this Spring but the rest of the Summer was pretty good.

It's important for you to understand. I went Non-smoking in 2020 because my lungs could no longer handle nicotine. Some of you DIE HARD smokers must think it's funny but it is very upsetting to me. I need to take a stricter stand.

Beginning with the 2023 season, if anybody smokes in a cabin, the fine will go from \$100. to \$200. And, if you come in my office, and you stink of NICOTINE, I will refuse you entrance and ask you to leave Camp NCN with NO REFUND!! DO I MAKE MYSELF CLEAR!

I have two of my seasonal's that are not following the rules either. So, one more time:

If you have to smoke, it will be in your Personal Vehicle, RV etc. With the windows rolled up. NOBODY WANTS TO SMELL THE NICOTINE!!

Most of us would rather die of natural causes. Better yet, if you are a Die-Hard Smoker, I don't want you. Please go to another campground and KILL their people. Remember, I was a Die-Hard smoker then quit 53 years ago. I found something better to suck on!

Here is my question: what do cigarettes do for you? They did nothing for me.

Enough said.

Beginning this Fall, inside storage of RV's will be \$400. Oct. till April. Seasonal Lake front sites will go up to \$3000.00 Everybody else will go up to \$2700. Everything on my end has doubled. So, I have to do what it takes to stay in business.

If you have any questions, please call my cell phone: 715-299-7138

I appreciate your continued support and understanding.

Thank you,

Marv
